## THE EXAMINATION ON LUKE OF THE AMERICAN INSTITUTE OF SACRED LITERATURE.

**The Time for the Examination on Luke** is rapidly approaching and reports from all parts of the world are coming in.

A class of special interest writes from Guntur, India. It is composed of three missionaries, one sub-pastor, one school-mistress, and three Brahmans, one of whom is a school-master, one a writer.

A number of examiners have been added to the list since the last issue of the *STUDENT*. Their names appear below.

**An Interesting Feature** of the reports from groups for the examination on Luke is the formation of preparatory classes taught by the special examiners.

Many wide-awake Bible classes have sprung into existence, we hope, to stay. An Institution which aims to promote Bible Study must be ready to adjust its methods to every need, accordingly a plan has been devised for meeting the future want of these new Bible classes and for young peoples' societies, church classes, Christian Associations, and all organizations for Bible study.

This plan is given in detail in a pamphlet issued by the Institute, which will be sent to any one on application.

By this method the most careful and systematic study of the Bible may be pursued under competent leaders, and it will soon become an established fact that an interesting method of work is all that is needed to make Bible study as popular and as thorough as that of any other subject.
